

Graduated study program

Sustainable Rural Development in the Tropics and Subtropics

Czech University of Life Sciences Prague

Faculty of Tropical
AgriSciences

Nghiên cứu và biết được thế giới! *Estudar y conocer o mundo!* *এবং সঁচাঁড় বঁশিবরে জানা* *دراسة ومعرفة العالم*
Étudier et découvrir le monde! Estudiar y conocer el mundo! Studuj a poznej svět!
Study and explore the world!

Why to study master degree in Sustainable Rural Development at FTA?

- ☞ we offer a complete study programme for rural development specialist
- ☞ we prepare graduates to work in rural development and agro-technologies
- ☞ we place emphasis on ecology, sustainability and alternative approaches
- ☞ we support language improvement - our students can receive international certificates such as **TFI** or **TOEIC**
- ☞ students are divided into small study groups with participatory teaching methods and a family atmosphere
- ☞ our diverse mix of international students creates a natural learning environment
- ☞ practical skills are priority - students will gain practical experience in experimental technological laboratories.

Examples of our Erasmus partners:

Wageningen University -Netherlands
CNEARC Montpellier - France
Reading University - United Kingdom

Development Economics - Economics of Farming Systems - Marketing - Project Management and Planning - International Organizations and NGOs - Environmental Engineering - Extension Services - Sociology -Rural Mechanization

You can take advantage of a wide array of activities:

- ☞ complete part of your studies at one of our partner universities abroad
- ☞ participate in research opportunities in tropical regions and developing countries
- ☞ enjoy many sporting and cultural activities on our beautiful campus
- ☞ publish in our own scientific journal

A broad selection of Master thesis topics, such as:

- ☞ Hemp biomass processing for solid fuels in briquettes
- ☞ Analysis of quality and extent of extension services in zone Kembata Tembaro region, Ethiopia
- ☞ Evaluation of biogas quality from home biogas pits installed in central Vietnam

Join us and become a part of our projects in Vietnam, Angola and Ethiopia!
